

Role Title: Member of Advisory Group

Salary: Unpaid

Term: Reviewed each year

***The Killie Community** is a charity that uses football as a force for good to support all within our community. Based at the newly established Killie Community Hub adjacent to Kilmarnock FC's stadium, our team works across Ayrshire with people of all ages, stages, backgrounds and circumstances.*

Our programmes promote health and wellbeing, education and employment while bringing football and sporting activities to the heart of our communities, and our communities to the heart of the football club.

With new opportunities on the horizon, we are looking for people who share our values and commitment to improving the quality of life in our communities, and who can help us expand the range of skills and experience amongst our Trustees. We are also looking to establish an advisory group who can bring specific areas of expertise to help us develop further.

ADVISORY GROUP MEMBER

You will form part of the new Advisory Group alongside people from various sectors including education, health, police, local business, community members and programme participants. It is intended that the Killie Community Advisory Group will meet three or four times per year, with members free to participate in further events and meetings.

Main Duties

- Share local priorities from your perspective and how the charity can help.
- Provide initial feedback and be a sounding board for new programmes and initiatives
- Scrutinise existing programmes to help the charity learn from your experiences and expertise.
- Help develop and improve Killie Community's overall offering and prepare action points to advise The Killie Community's Board of Trustees.
- Suggest fresh ideas and innovations to reach further into local communities.

Applications are welcome from all backgrounds. Please send a short expression of interest (no more than 500 words) to our Charity Manager, Jordan Allison.
